This year our ARTIST IN RESIDENCE Jason Wing, led a workshop as part of the day in which year 8 learnt about Aboriginal Arts, Culture & History. All of year 8 and a group for students from the Intensive English centre were engaged in painting three large banners with hand prints in traditional earthy tones. Jason Wing will return in term 3 to complete the banners with a selected group of gifted and talented year 8 visual art students.
ARTIST IN RESIDENCY PROGRAM
$120,000.00 GRANT

The Artist in Residency program a funded by a grant from the Arts Council & DEC for $120,000.00 over three years.

The program involves three schools; Cabramatta High School, Fairvale High School and Merrylands High school working together with three artists each year for three years, totaling 9 artists. At the end of each year there will be an exhibition showcasing the best works of the students and the artists created during their residency at each school.

Our program is about the collaboration and mentoring that will take place between visual arts teachers and artists, artists and students. The residency program is providing the opportunity to work directly with young professional practicing artists within our school context providing our students with highly enriching & authentic learning experiences.

Working with practicing artists across the partner schools sees the creation of quality teaching programs and resources.

Programs which are rich and full of authentic learning experiences. Programs explicitly explore the world through engaging with contemporary art practitioners, analysing and entering into critical discussions about the practice of artist and art agencies through this experience.

The Quality Teaching framework (QTF) is firmly embedded in programs and resources created which strengthen the practice and build capacity in the visual arts teachers who strive to challenge and engage all visual art students.

The aim is to continue strengthening, engaging and ensuring the retention of students as they move across stages 5 into stage 6 visual arts.

The artist that we are working with in 2014 are; Jason Wing, Sarah Fordham and Clarissa Reagan

Various Photos of Jason Wing working with students and staff. Students created sculptural constructed boxes based on the self and incorporating an animal. Staff worked during the master class on skateboard designs.
ARTIST IN RESIDENCY 2ND ROTATION – SARAH FORDHAM

Sarah demonstrates to students in years 9 & 10 visual arts her painting processes and techniques. Photographs of her painting in progress over weeks 1-4, this painting when completed will be exhibited along side the students work at the end of year exhibition. Sarah is kindly gifting this to the school on her completion with the AIR program.
Various photos showing students & staff with their work and engaged in their paintings in the visual arts classrooms. Images created during the Jason Wing rotation the animals and self images are featuring in this painting unit led by Sarah Fordham (AIR 2\textsuperscript{nd} rotation)
Third artist in residency will be Ceramics artist Clarissa Reagan who starts mid term 3 – end of November term 4 2014. Students will work with clay handbuilding functional forms (vessels and platters) and learning how to print onto the clay surface.
The School House System has been refreshed this year with Captains and Vice Captains being elected. The Houses are competing in sport, academic and citizenship areas. Students are placed in house groups when they arrive at school. The groups are called Strickland (yellow), Bradman (red), McKay (green) and Fraser (blue). Students either individually or as a group compete for points to determine the overall champion house at the end of the year.

By placing an emphasis on the house teams we are hoping to increase school spirit and motivate students to participate in all school activities. It also provides a chance for each student to contribute towards the activities based on their skills and interest. It allows students to develop leadership and work on the skills of teamwork, communication and responsibility.

The company undertaking the building works is Donnelly’s who have worked in the school before. Their work is of a high quality and they are supervised by the Department of Education. These major building works are funded by the state government.

Each year the state government and the Department of Education allocate money to maintain the school grounds and buildings. This term we are replacing the asphalt of the volley ball courts and remodelling the toilets in the hall. We are also spending money to ensure school drainage is being maintained. While these things seem minor the costs can be quite high due to the size of the areas and the need to ensure industrial strength materials are used.

**Civic and social responsibility** is an important part of student development. At school we talk to the students about having empathy for others on a global level. This term we have been able to help students contribute to the people affected by floods in Serbia, Croatia and Bosnia. We have been conducting a number of fundraising events to show our support. The school is also supporting communities in Samoa, South Korea and Ethiopia.

We also encourage our students to be respectful in the local community and to show a strong sense of discipline. This extends to travelling to and from school with public transport and pedestrian behaviour a priority. Students are expected to be respectful of the public and our school neighbours. Actions such as standing on buses to allow an elderly person to sit down shows respect. Crossing the roads at designated lights and pedestrian crossings is important not only for safety; it demonstrates that the students think before acting and that they observe legal requirements.

The area of cyber safety and cyber citizenship continues to be a focus at school. Students undertake lectures and lesson in this area. At school council we give the parents the opportunity to learn about how to make a safe cyber environment for their children with many useful hints being discussed. We encourage all parents to be mindful of what their children are accessing on the internet and strongly suggest that computers and mobile phones be used in spaces in the home where they can be seen by parents. Our aim is to keep students safe with this every changing area.

- Fines in 40 speed zones now $240 – Slow down
- No seatbelt fine over $200 for each child.

PRINCIPAL’S REPORT B Godwin
Buildings - The Department of Education is getting closer to starting stage 3 of the building project. Due to costing the school is providing some of the funding for the buildings that are being renovated.

Finances - Our school has just completed an external audit of finances, enrolments and Work Health and Safety. The auditor was satisfied that the school is following correct processes.

Harmony day - The school featured in the local paper this week. Our Harmony Day assembly was outstanding. Students were able to perform independently and were very polished in their performances. The students showed pride and confidence in their first culture.

Cross Country Carnival - The cross country has expanded to carnival to include novelty events. We did this to encourage more students to participate.

As the school is trying to increase school spirit we will be working more events into the “house system”. We will be including volunteering and academic areas as well. The half yearly results for students will be counted towards house points.

Citizenship activities - We are currently developing a global fundraising and community project called K2K. This stands for Kids to Kids. The students are collecting stationery items to be sent to Kenya where we have a sister school. Soon we will be working on filling another container of school materials and furniture to Samoa. Our student volunteer group has been making cards to sell. These are outstanding and the group of students has increased from last year. 100% of the money raised goes to Ethiopian people in the form of machines and goods that are used to tech skills so that the people can earn a living.

IEC - Ana Sentic Head Teacher IEC
Mrs Sentic gave an overview of the educational services for newly arrived students who do not speak English.

CURRICULUM AND SCHOOL UNIFORM - Dave McEwan- Deputy Principal.
The female students are wanting a tunic which was given parent approval.

ШКОЛСКИ САВЕТ
Записник са седнице одржане 26. марта 2014. године

ПРЕЗЕНТАЦИЈА ПОЛИЦИЈЕ – Phiny Ung (MCLO) и Nina Long (MCLO)

Тема: општа сигурност, сигурност дома и лична сигурност; млади преступници

- Постоје 3 службеника за контакт са заједницом у полицијској станици у Cabramatti. Сви родитељи имају приступ преводиоцима и тумачима преко телефона.
- Зовите 000 за хитне случајеве
- Преводиоци могу да се заказују за интервју од 8.00 пре подне – 4.00 после подне од понедељка до петка.
- Чувајте себе и децу. Пазите кад вадите паре из АТМ машине.
- Казне у школским зонама су сада $240 – успорите.
- Казне за неупотребљавање појаса преко $200 за свако дете.

ИЗВЕШТАЈ ДИРЕКТОРЕKE Beth Godwin
Грађевински радови – Министарство за образовање се приближава 3. фази грађевинског пројекта. Због трошкова школа обезбеђује одређена средства за зграде које се реновирају.

Финансије – У нашој школи је управо завршена инспекција у којој су биле укључене финансије, упис ученика и здравље и безбедност на послу.

Harmony Day – школа се појавила у локалним новинама прошле недеље. Наш збор ученика поводом тог дана био је изузетан. Ученици су самостално наступали и њихов наступ је био веома добар. Ученици су испољили самопоуздање и понос везано за њихову културу.

Cross Country карневал – је био проширен новим активностима. То смо урадили да бисмо подстакли што више ученика да учествују.

Пошто школа настоји да појача школски дух, укључићемо више догађаја за “house” систем. Укључићемо и волонтерски рад, као и академске области. Полугодишњи резултати ће се рачунати за “house” поене.

Међудржавне активности – Тренутно радимо на глобалном прикупљању пара и пројекту који се зове K2K. То је скраћеница за “kids for kids”. Ученици скупљају разни школски прибор да пошали побратимском школу у Кенију. Ускоро почећемо да пумнимо други контејнер за школским прибором и намештајем за Самоу. Наша волонтерска група ученика прави честитке за продају. Они су изузетни и ова група се повећала од прошле године. 100% сакупљеног новца идем у Етиопију у облику машина и добара који се употребљавају за оспособљавање људи, да самостално зараде за живот.

IEC – Ана Сентић, главни наставник
Г-ђа Сентић дала је преглед образовних услуга за новодошле ученике који не говоре енглески.

ПРОГРАМ И ШКОЛСКА УНИФОРМА – Dave McEwan, заменик директора
Девојке желе да носе тунике и родитељи су одобрили.

ИЗВЕШТАЈ SRC-a – Phil Nguyen
- Наставници се враћају у понедељак 29. априла 2014.
- Срећан Ускрс и распуст
- Хвала на присуству.
- На лутрији је зарађено $90 – много вам хвала.
Buildings term 2 2014

Construction of Blocks 7 and 8 and the refurbishment of Blocks E and F has commenced this term.

Block 7 will be a double storey building adjacent to Block 6 with connecting walkways.

Block 8 will be the new Administration building for the High School. Once completed the existing Administration building Block G, will be refurbished and become the Intensive English Centre’s new Administration office.

Blocks E and F will become ‘Intensive English Centre’ classrooms which will include dedicated science and art facilities. Once completed demountable buildings will be removed from the school.

Due to the large number of trucks and vehicles accessing the construction site there will be very limited access to the school from Aladore Avenue. We recommend that parents and students use Angelina Cres, Grace Ave and Sussex St whenever possible.

For the safety of all students please ensure that when dropping off and picking up that you do not drive into the school and that you do not block the gate area at any time. Your assistance is appreciated.

Green day 2014

The school’s annual “Green Day” event was held on Friday the 9th of May. Year 8 students were joined by 16 Teachers and School support staff as well as approximately 15 volunteers from the Commonwealth Bank of Australia.

The day was a positive and fun way for students to learn about caring for the environment. Activities included; weeding gardens, trimming plants, replanting, mulch covering, painting and repairing of outdoor furniture followed by a general clean up of the school.

Students were encouraged to participate in activities and were able to earn points for their school ‘House’. The mulch bucket relay was won by ‘McKay’, earning their ‘House’ 100 points.

We would like to thank everyone involved in making this event a great success.

Particular thanks to Antique Tree Felling for providing free mulch and to the Commonwealth Bank Volunteering Team for their ongoing support of the school and generous donation of $150 in Bunnings vouchers for the purchase of plants and gardening equipment to assist in making the day a success.

TAEKWONDO PROGRAM

An innovative Taekwondo program has been introduced into Cabramatta High School this year. It is the first of its kind in the south-west Sydney region and allows students to grade and gain their belts through the Tuesday afternoon sport’s program. Not only that, students can compete at NSW State Championships and even at national level, under the school’s name. This is not available to any other school.

The program was introduced by Terrence Fernandez, the students’ instructor, and supported by PDHPE Head Teacher, Ms McElligott. Terrence is a multiple national champion and has represented Australia in international
events, as well as being on the Olympic shadow team. Students therefore, are able to learn from one of the best in Australia, in both sparring and traditional forms.

Students have been enthusiastic about the program and all graded for the first time, last term. Leisel, one of the instructors, is positive about the students. 'Cabramatta High School has set an incredibly high standard for the quality of martial arts training for high school students. They are an amazing and inspiring group of young adults'.

Students are also responsive to the program. 'Taekwondo is a competitive sport where you learn cool moves and have awesome coaches', says Andy Dang.

Students, in the next few weeks, will receive their specially designed uniforms, along with their belts, from Term 1. They are currently working hard to prepare for the NSW State Championships, to be held in early August.

**Year 12 participate in the filming of Sci-Fi web-series "Airlock"**

Written by: Anja Inic

On Wednesday 14th of May, our Year 12 Drama class experienced one of the most exciting opportunities that had ever been given to us. Most of the class were still half-asleep as we set off on our route to North Ryde at 6am, where we were cast as Extras for a Science Fiction web-series named "Airlock".

As soon as we arrived, it was straight to work. As we signed the release forms, we met the Director and Assistant Director of the show and they went through the safety induction and outlined what the day had in store for us. A quick costume check was made as the Costume Designer came around to each of us and approved the futuristic costumes we stylised ourselves.

It was 8 o'clock when the class, along with the other people who volunteered to be extras were brought into the set; the spaceship of Dakota, in which we were the people who brought the scene to reality, the townspeople and shoppers.

Our main duties included: interacting with the props and set, miming our actions, and in one scene, running around like headless chickens in an evacuation. Being an Extra proved to be quite a challenge; it required lots of concentration to remember and retrace our steps, lots of physicality, and most importantly, lots of patience.

As well as meeting new people (I had an on-screen father), and enjoying the overall atmosphere of the production, we enjoyed our time together as a Drama class and a few of us even discovered that this was something we would like to do in the future.

After endless takes and pure hard work, we were treated with pizza for lunch and a chance to speak to the creators of the web-series. The cast and crew were incredibly nice and assisted us with directions and some tips to give the best performance possible.

The day definitely opened up our eyes to the world of the entertainment industry. Although we were all exhausted by the end of the day, we were really grateful to have been part of this worthwhile opportunity. It was an unexpectedly challenging experience which taught us a few tricks of the trade and allowed us to experience what it is like to be on a real life film set.

SOME ACTION SHOTS FROM THE DAY
YEAR 10 & 11 VISUAL ARTS STUDENTS VISIT NATIONS CAPITAL – CANBERRA

Our visual arts students visited the National Gallery of Australia & the National Portrait Gallery. This is an annual excursion and students attend workshops at both galleries learning about artists both Contemporary and from the past as part of their studies in Visual Arts.

We travelled day by coach for this excursion for most of our students its their first trip to both Canberra and the two art galleries and provides them with a valuable enrichment opportunity and authentic learning experience relating to work being undertaken in the classroom.
Year 8 enthusiastically engaged in hand painting banners, this workshop was led by Artist Jason Wing. Year advisors Carol Paras and David Kopycinski cooking the BBQ which students and staff enjoyed later in the day.
